

Super 8 Newport News

945 J. Clyde Morris Boulevard
Newport News

"The 61 rooms and suite Super 8 Newport News / J. Clyde Morris conveniently located off Exit 258 B of I-64 is the most comfortable and affordable economy class hotel in Newport News."

Green Statement: "The Super 8 Newport News / J. Clyde Morris Boulevard is committed to pollution prevention and decided to join Virginia Green because as local owners, managers, and staff the Hotel recognizes how refuse deposited in landfills or in storm drain run-off negatively impacts the entire Chesapeake Bay Watershed. Its delicate ecosystem is constantly threatened by reckless and irresponsible behaviors. The Hotel hopes that through our small contribution, together with other responsible hotels and businesses, we can all make a big difference in our immediate environment. The Hotel staff invites guests to participate in responsible recycling and energy saving activities during and after staying at the Hotel."

CORE ACTIVITIES for Green Lodging

Optional Linen Service. Virginia Green Lodging facilities must have some sort of system in place that allows guests to not have their sheets and towels changed every day. This facility pledges that they:

- Have signage in each guest room explaining the linen reuse procedures
- Change linens only upon request
- Train housekeeping staff on process for optional linen service
- Use non-phosphate, non-toxic and biodegradable laundry detergents

Recycling and Waste Reduction. Virginia Green Lodging facilities must recycle and are highly encouraged to maintain a comprehensive recycling program. This facility pledges that they:

- Provide the opportunity for guests to recycle: glass bottles, plastic bottles, aluminum cans, steel cans, newspaper, office paper
- Have recycling bins located: at the entrance
- Also recycle office paper, toner cartridges, cardboard, fluorescent lamps, batteries, electronic equipment

Guest rooms

- Instruct housekeeping staff to save and reuse unopened items

Kitchen (or meetings/events)

- Have an effective food inventory control to minimize waste

Office

- Reuse scrap paper for notes
- Use refillable pens and toner cartridges
- Use electronic correspondence and forms when possible

Building and grounds

- Use green cleaning products that are dispensed in bulk
- Perform preventative maintenance on all appliances, HVAC systems, plumbing, and vehicles
- Minimize use of pesticides and herbicides in landscaping

Water Conservation. The facility must have a plan for conserving water that should consider plumbing modifications and landscaping. This facility pledges that they:

Activities indoors

- Perform preventative maintenance to stop drips and leaks

Activities outdoors

- Have an effective landscape management plan that utilizes native species

Energy Conservation. The facility must have a plan in place that encourages replacement of lighting and equipment to energy-efficient alternatives. This facility pledges that they:

Heating and cooling

- Have individual thermostats for each room/area; ensure they are correctly adjusted
- Regularly perform preventative maintenance on HVAC system
- Keep office doors and windows closed in HVAC system is on

Lighting

- Use natural lighting
- Use lighting sensors to turn on/off lights
- Have adopted a policy/practice to turn off lights in unoccupied rooms
- Have installed compact fluorescent light bulbs in all rooms and in canned lighting

Appliances and electronic devices

- Have adopted a policy / practice to turn off fans, computers, monitors and other devices in unoccupied rooms at the end of the workday or when otherwise not being used

Virginia Green is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. **Virginia Green Hotels and Lodging Facilities** have been thoughtfully planned and designed to minimize their impacts on the environment. This lodging has met the established "core activities" for **Green Lodging** and has committed to communicate its activities to its guests.

For more information on **Virginia Green** program, see www.deq.virginia.gov/p2/virginiagreen or www.virginiagreentravel.org.

Virginia Green is supported through a partnership between the Virginia Department of Environmental Quality, the Virginia Hospitality & Travel Association, and the Virginia Tourism Corporation.
